Issue 249

September 2025

For Children in the Age of Social Media - tennis may be an answer

While children are spending significantly more time on screens and less time engaging personally with friends outdoors, there's a growing need for alternatives. Tennis, with its blend of physical activity, strategy and direct interaction, offers an enjoyable and engaging alternative to excessive screen time while providing one of the most effective and engaging ways to draw kids away from digital distractions and foster real-world friendships.

The Resort Tennis Center and Avalon Athletic Club at Boardman have a variety of new youth and junior tennis clinics for children as young as five years of age beginning the week of September 8th. Several adult tennis classes are also available.

For more information visit the Tennis-Pickleball page at www.avalongcc.com or email tennis@avalonlakes.com.
